 sent free to any address.  
**THE AUTOMATIC ORGAN.**  
 In presenting the Automatic Organ, we  
 boldly announce the greatest triumph in mu-  
 sical instruments of the age. During the  
 past half century, the French and Germans  
 have manufactured reed instruments with  
 double bellows, and two pedals for the feet to  
 operate; but the want of the reversed or ex-  
 haustion bellows, (which is the only bellows  
 used in our instruments,) made it impossible  
 to produce the mellow, rich and melo-  
 dious tone for which our instruments are cele-  
 brated.

Another objection to this method of blow-  
 ing was, that both feet being occupied, no op-  
 portunity was offered for the management of  
 the swell. Within the past two years, instru-  
 ments constructed on this European plan of  
 "double bellows" have been manufactured in  
 this country, and to counteract this difficulty  
 (want of a swell) a lever has been projected  
 from the centre of the instrument, to act on  
 the swell, and operated by the knee. The in-  
 convenience and contortion necessary to effect  
 this object, are disagreeable enough to a gen-  
 tleman, but to a lady the use of such an ap-  
 pendage is nearly impossible.  
 Our Automatic device obviates this difficul-  
 ty entirely, the simple act of blowing with  
 more or less force giving the desired increase  
 or decrease in the volume of the tone. We  
 predict for this invention a brilliant future.

**MELODEON AND SCHOOL ORGAN**  
 For seventeen years the superior excellence  
 of our Melodeons has not been questioned,  
 and for two years past the enormous demand  
 has made it impossible for us to meet our or-  
 ders promptly. With our increased facilities  
 we feel warranted in assuring our patrons  
 that their orders will be promptly met, and  
 solicit a continuance of their patronage.  
**GEO. A. PRINCE & CO.**

**CAUTION TO PURCHASERS.**  
 All of our instruments have upon the name  
 boards, in full "GEO. A. PRINCE & CO."  
 When a dealer represents any other instru-  
 ment as "the same as ours," it is usually a  
 mere attempt to sell an inferior instrument, on  
 which he can make a larger profit.  
 P. S.—A liberal discount to churches, cler-  
 gy and school. Address  
**GEO. A. PRINCE & CO.,**  
 Buffalo, New York.
